CHRISTIAN HEALTH CARE

Jennifer D'Angelo elected to Health Information Management System Society

WYCKOFF – Jennifer D'Angelo, information services vice president/information security officer at Christian Health Care Center (CHCC) in Wyckoff, was recently elected to the New Jersey Chapter of the Health Information Management System Society (HIMSS). The New Jersey Chapter of HIMSS is a consortium of health-care professionals who are committed to improving the quality of health care through the use of information technology within the healthcare industry. HIMSS is a global non-profit organization that was founded 1961 and is headquartered in Chicago with additional offices in the United States, Europe and Asia. The New Jersey Chapter partners with the

Jennifer D'Angelo

Delaware Valley Chapter.

D'Angelo, who was nominated by a colleague who serves on the board, was elected to a four-year term effective July 2015. Her representation and contributions put CHCC in a unique position. The knowledge she will garner will be invaluable to the future of CHCC.

"It was an honor to be nominated and elected to the New Jersey Chapter of this organization," said D'Angelo. "I also serve HIMSS on a national level and look forward

to representing my state. CHCC's unique breadth of programs and services spanning from senior life to short-term rehab to a full spectrum of mental-health services provides me with an exclusive position to contribute and repre-

sent a diverse range of healthcare needs in New Jersey."

CHCC provides a broad continuum of high-quality, compassionate care, offering superior senior-life, short-term rehab, and mental-health services. As a non-profit

organization, CHCC delivers care to the community based upon the Christian principles on which it was founded more than a century ago.
