

Evergreen Court

Supportive Senior-housing Complex

Christian Health Care Center operates Evergreen Court, a supportive senior-housing complex for senior citizens 62 and older. Evergreen Court apartments are rented from a waiting list as vacancies occur. Twenty-four one-bedroom apartments are provided at affordable rent to senior citizens whose qualifying single household income falls within the current low-income limits for Bergen County, as defined by HUD. Monthly rents are set at 30 percent of the resident's qualified annual income. Sixteen additional one-bedroom apartments are provided at fixed market-rental rates.

Each of the 40 apartments consists of a living room, kitchenette, bedroom, and bathroom. The housing complex includes a spacious lobby, community rooms, laundry rooms, and a dining room. All apartments are single occupancy. Two of the affordable units are specifically designed for the mobility impaired.

As an applicant's name moves toward the top of the waiting list for affordable apartments, he/she will be required to complete and submit additional forms, which will be provided. These include:

- statement of income and assets,
- authorization to disclose information,
- verification of assets disposed,
- applicant signature form,
- financial institution verification,
- employment verification,
- proof of date of birth (birth certificate, valid U.S. passport, etc.),
- proof of current residency (valid driver's license, real-estate tax bill, rent receipt, etc.), and
- proof of income (gross income of any type: copies of checks from Social Security, public assistance, pension, alimony, employment, or any other income).

The information listed above is not required when applying for a market-rate apartment.

Sample Apartment

Shown is an example of one of the layouts of an Evergreen Court apartment. Each apartment provides easy access to all living areas and is outfitted with windows to allow for natural light. Please note that not all apartments have this identical layout, though the overall size of the apartments is generally about the same.
